

# Schwartmanns

Limited  
offer until  
march 31st,  
2021!

# FOR FREE?

**Yes! Anyone who orders an SMW 50.00 now will receive a matching, robust and practical hard shell case for free.**

**SMW 50.00 - The hand beading and flanging machine for the construction site in a hard-shell case. Only while stocks last.**

- ➔ handy, light (8kg) and yet robust and resistant enough to withstand tough construction site use
- ➔ High-quality components made in Germany for a long lifetime.
- ➔ with the optional attachment fixture, the machine can be attached to our cutting device type ZSV.
- ➔ Attachment by means of a tube clamp on the scaffold or by means of an optional mounting foot on the table
- ➔ including Pipe clamp
- ➔ including 2 pairs of beading rollers (V 0, w = 3 mm V 1, w = 4 mm)
- ➔ including key for roller fastening
- ➔ including specially designed, robust hard-shell case to protect the machine

**Your order by fax to +49 (0)2232 9492 50 or by e-mail**
